

## STRAIGHTFORWARD.

Menzerna Premium pads adapt to the surface perfectly. This ensures better gliding properties and easier handling since less force is required. Professional users enjoy a more relaxed work-day. Inexperienced polishers have an easier time.

## ECONOMICAL.

Menzerna Premium pads are washable. No clogging of the pads. Greater durability is guaranteed. With the foams developed especially for high solid clear coats, premium polishing results can be obtained. That pays off.

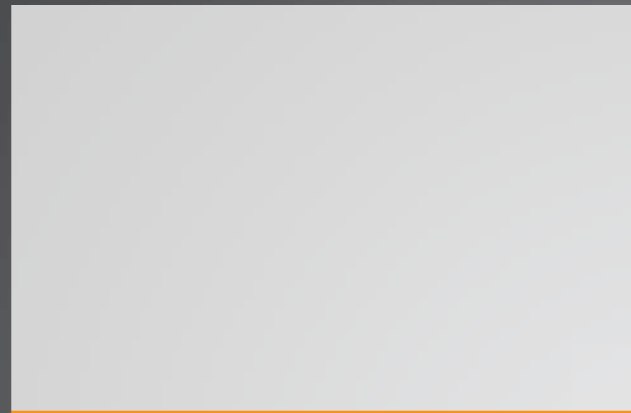

## VARIABLE.

Menzerna pads can be used on all conventional orbital, rotation and compressed air machines.

## SAFE.

The flexible foams in combination with the size of the pads effectively protect against damage by the polishing disc on curvatures. The perfect technical coordination of the foams with the Menzerna automotive polishing products guarantees premium polishing results. User orientation in the process is provided by the uniform colour-coding of the pad, polish and polishing level.

## PREMIUM PAD PROGRAM

As of: 01.2016

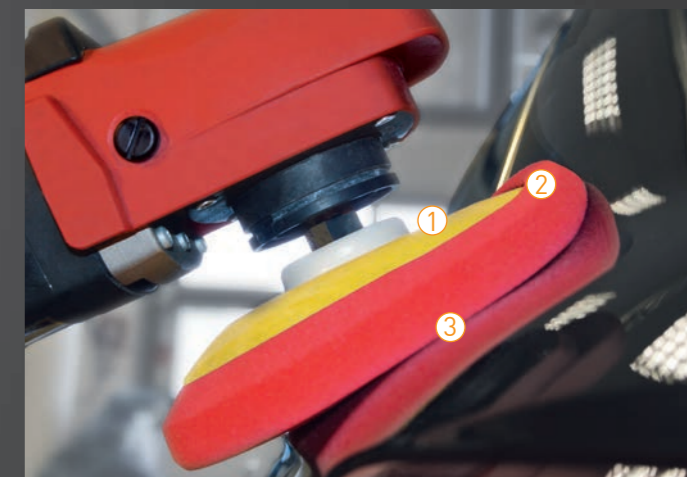

## A POWERFUL DUO. FOR BRILLIANT RESULTS.

**Original Menzerna polishing tools get the maximum out of your surface.**

The pads in different degrees of hardness are optimised for use with the Menzerna automotive polishing products.

### Professional users know:

To get the polishing results you want, you need to coordinate the pad, polish and machine.

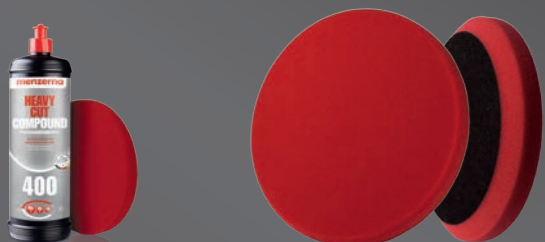

- ① Flexible backing plate simplifies work.
- ② A safety edge protects against damage by the backing plate on curvatures.
- ③ The foam perfectly adapts to the surface.

PERFECTION IN POLISHING

# PREMIUM PAD PROGRAM

## HEAVY CUT FOAM PAD

Removes scratches, sanding marks and surface defects in combination with Menzerna Heavy Cut polishes. The special composition of the polishing foam with a heavy cut enhances the effect of the Menzerna high-performance polishes and delivers end results reliably in the shortest time.

- Advantages:**
- Washable
  - Consistent, long-lasting foam
  - Safety edge
  - High-quality Velcro
  - Convenient to use
- Application:** Rotary, orbital  
**Diameter:** 180 mm  
**Article No.:** 26900.223.010

**Optimised for:**

SUPER HEAVY CUT COMPOUND 300	HEAVY CUT COMPOUND 400	HEAVY CUT COMPOUND 000
---------------------------------------	---------------------------------	---------------------------------

## MEDIUM CUT FOAM PAD

Removes light scratches, holograms and surface defects in combination with Menzerna Medium Cut polishes. The special composition of the foam mixture ensures a perfect cut and produces a brilliant gloss.

- Advantages:**
- Washable
  - Consistent, long-lasting foam
  - Safety edge
  - High-quality Velcro
  - Convenient to use
- Application:** Rotary, orbital  
**Diameter:** 180 mm  
**Article No.:** 26900.223.011

**Optimised for:**

MEDIUM CUT POLISH 2200	MEDIUM CUT POLISH 2400	MEDIUM CUT POLISH 2500
---------------------------------	---------------------------------	---------------------------------

## SOFT CUT FOAM PAD

Removes holograms and streaks in combination with Menzerna Finish polishes, and prevents clouding. The especially formulated polishing foam reliably supports the best performance of the Menzerna finishes. Guarantees a brilliant, deep gloss and a perfect show car finish.

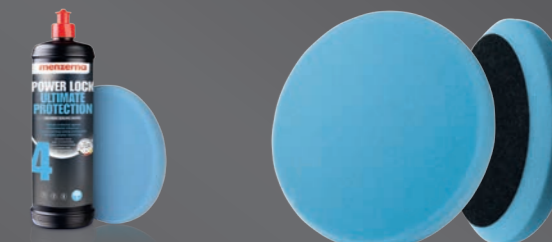

- Advantages:**
- Washable
  - Consistent, long-lasting foam
  - Safety edge
  - High-quality Velcro
  - Convenient to use
- Application:** Rotary, orbital  
**Diameter:** 180 mm  
**Art. Nr.:** 26900.223.012

**Optimised for:**

FINAL FINISH 3000	SUPER FINISH 3500	SUPER FINISH PLUS 3800
-------------------------	-------------------------	------------------------------

## WAX FOAM PAD

Ensures straightforward and even application of the Menzerna sealing products. Perfect, long-lasting protection for polished surfaces.

- Advantages:**
- Washable
  - Consistent, long-lasting foam
  - Safety edge
  - High-quality Velcro
  - Convenient to use
- Application:** Rotary, orbital  
**Diameter:** 180 mm  
**Art. Nr.:** 26900.223.013

**Optimised for:**

POWER LOCK ULTIMATE PROTECTION	LIQUID CARNAUBA PROTECTION	POWER PROTECT ULTRA
--------------------------------------	----------------------------------	---------------------------

### Menzerna Premium Backing Plate

High-quality, flexible disc with effective Velcro underside. Supports comfortable, safe working of corners, edges and curvatures. Suitable for all common polishing machines. The Menzerna Premium pads with their safety edge perfectly adapt to the backing plate and prevent damage to the surface. Diameter: 150 mm, **Article no.:** 26930.150.001
